

**SUPPLEMENTAL DECLARATION FOR REISSUE
PATENT APPLICATION TO CORRECT
"ERRORS" STATEMENT (37 CFR 1.175)**

Docket Number	Q65274
First Named Inventor	Hayao WATANABE
COMPLETE	
Application Number	09/885,942
Filing Date	June 22, 2001
Group Art Unit	2834
Examiner Name	KARL I. TAMAI

I/We hereby declare that:

Every error in the patent which was corrected in the present reissue application, and which is not covered by the prior oath(s) and/or declaration(s) submitted in this application, arose without any deceptive intention on the part of the applicant. At least one such error upon which reissue is based is described below.

Claim 16 of the '548 patent recites that "bearings for rotatably supporting a rotation shaft of said motor rotor to said housing;" and "wherein said bearings are a plurality of rolling bearings". Claim 16 is too narrow because the use of rolling bearings is not necessary to carry out the invention, and is only exemplary. This reissue application corrects that error by adding new claims (e.g., see claim 37) that more broadly encompasses other types of bearings for rotatably supporting a rotation shaft.

I/We hereby declare that all statements made herein of my/our own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements, and the like so made are punishable by fine or imprisonment, or both, under 18 U.S.C. 1001 and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Name of Sole or First Inventor:	<input type="checkbox"/> A petition has been filed for this unsigned inventor		
Given Name (first and middle [if any])	Family Name or Surname		
Hayao	WATANABE		
Inventor's Signature	<i>Hayao Watanabe</i>	Date	February 7, 2003
